

Hardware Expiration Notice

Description: The Hardware Expiration Notice report displays hardware warranties, licenses that are approaching their expiration dates. This data is grouped by warranties, licenses expiring within 30, 60, and 90 days. After being grouped, the data is sorted by the number of days until expiration.

Purpose: The intended purpose of this report is to provide a business with a tool to be proactive in renewing customer licenses and warranties. This results in better customer relationships and increased revenue.

Criteria

Parameter	Description
Begin Date	This parameter defines the begin date for the hardware reporting period.
Customer	The customer parameter provides the ability to run customer specific reports.
Manufacturer	Filtering on this parameter will only display hardware records for a specific manufacturer.
Format for Excel	This option removes page headers in order to export to Microsoft Excel cleanly.
